THE EQUESTRIAN CENTRE

The History

Horses have been in Lucknam Park's historical landscape since 1932, long before the hotel was established.

After the formal conversion to a hotel in 1988, a purpose built Equestrian Centre was established within the 500-acre grounds to provide riding and equine experiences to guests.

Today the centre houses a range of horses from small ponies perfect for children, to experienced mounts for jumping and cross-country activities. The centre includes a large stableyard, a full-size outdoor arena and many acres of paddocks.

We have bred and reared a number of our own horses on the estate, so make time to speak to our knowledgeable and experienced equestrian team and admire our beautiful horses on your visit to Lucknam Park.

EQUESTRIAN ACTIVITIES

A Signature Equestrian Experience

Equestrian pursuits are Lucknam Park's signature, with the parklands explored on horseback across the Cotswolds countryside. Led by knowledgeable, highly experienced instructors, the riding programme welcomes everyone from seasoned riders to adult beginners, children, and families. Countryside hacks offer a fitting way to experience the estate in all its glory.
